25X1 7. [ ] - GLC) Talked with Ben Mandel, Senate Internal  
Security Subcommittee staff, concerning our possible interest in getting  
25X1 a private immigration bill, to waive the ten year limitation on naturalization  
of former Communist Party members [ ] Mandel pointed  
out that [ ] had been most helpful to the Subcommittee testifying at  
least on two different occasions. He felt certain that such a bill would  
receive the Subcommittee's support.

25X1 8. [ ] GLC) Attempted to reach Jay Sourwine, Senate  
Internal Security Subcommittee staff, to discuss Senator Eastland's request  
for information on "spy cases" and to discuss other matters. Sourwine  
was not available.

25X1 9. [ ] GLC) Left with Tom Foley, in the office of  
25X1 Senator Henry M. Jackson, a raw copy of an [ ] transcript [ ]  
[ ] which referred to Senator Jackson and the last ban  
treaty.

25X1 10. [ ] GLC) Talked with John Martini, House Post  
Office and Civil Service Committee staff, regarding the status of H.R. 7381,  
the "Dual Compensation Act of 1963," a bill which is concerned primarily  
with the subject of military retirement and which would repeal section 5(f)  
of the CIA Act. Martini said the Committee has heard a great many witnesses  
and while many others are scheduled to testify it is anticipated that the  
Subcommittee will report the bill to the full Committee by 15 August regard-  
less of whether all witnesses have been heard. He indicated that while  
nothing is definite at this point, it is expected that there will be some  
adjustment in the veterans' preference provisions of the bill and that with  
respect to retired officers, the bill will provide for creditability for Civil  
Service retirement purposes only for those periods of service involved  
in combat duty.
